

***The elderly inquires about the bathroom floor***

***Is the bathroom floor wet?***

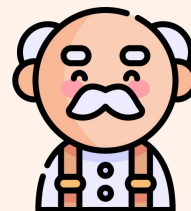

***No, the bathroom floor is completely dry.***

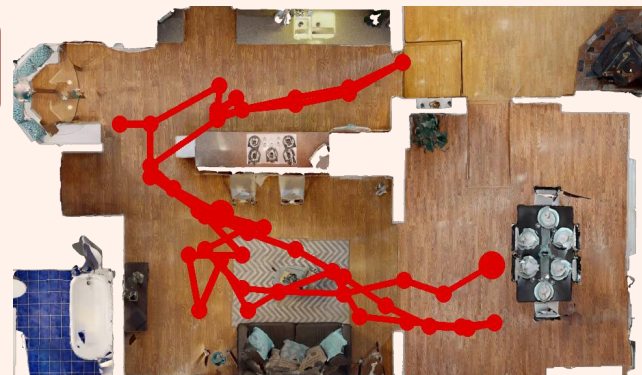

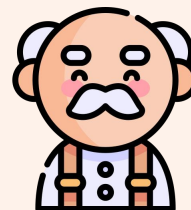

***The robot fabricated answers without having observed the bathroom scenario.***

***The elderly inquires about the pillows color in the kitchen***

***Q: What color are the pillows in the kitchen?***

***Q: What color are the pillows?***

***The robot explored randomly because it had no idea which pillows the user was referring to.***
